DEDICATION

This book is dedicated to the Murlin clan, however widely dispersed, from St. Stephens Parish in Cornwall, England, and in the United States from Maine to California, from Michigan to Alabama and in the armed forces over seas.

I am fully aware that not all of the descendants of the Murlin Revolutionary soldiers are recorded in this book. A great deal of time and research is necessary to assemble the data contained herein, the task having been started more than twenty-five years ago. Since that time many have been born, some have died, others have married and have families of their own, but the line of descent is correct and in accordance with Government records. There may be some error in dates but I have recorded what I received.

APPRECIATION

May I express my sincere appreciation to those descendants of William and Thomas Murlin who have given much information and research in the establishment of the fact that these two brothers were Revolutionary soldiers, William Murlin having been a member of the Company of Capt. Thomas Gaskins of Northcumberland County, Pennsylvania, from October 5 to December 5, 1788, and Thomas Murlin, who received Depreciation Pay for service in the Militia of the same County; especially to John Raymond Murlin, a member of the faculty of Rochester University of Rochester, New York, who, by his effort and research, located the original farm of William Murlin in Northcumberland County, Pennsylvania, and also the farm of William in Ontario County, New York. In addition, he submitted a list of Murlins who were soldiers of other wars of the United States.

Others who have been of great assistance in the preparation of this book are: Mrs. Janice Barber Reddin; Mrs. A. J. Elbrecht of Piqua, Ohio; Miss Alice Serrell of Rochester, Michigan; Mrs. Olline Straley of Celina, Ohio; Mrs. Orpha Jenkins of Celina, Ohio; my son Ralph Murlin, my daughter Nadine Murlin Brinkmeyer, and Mrs. Boyd Malick.

May you obtain as much pleasure in studying and following these lines of descent as I have obtained in preparing them.

Charles Hugh Murlin,
